(with CIS)

INFRES

DORS 800

- ▶ Value Counting
- ▶ Authenticity Verification
- ▶ Denomination Sorting
- ▶ Orientation Sorting
- ▶ Built in Multicurrency recognition

DORS 800

2 pocket multicurrency value counter
with expert-level counterfeit detection

DORS 800 is the ideal equipment for banks and non-banking credit organisations, exchange offices, ticket offices, back offices of retail chains, petrol stations, etc.

■ KEY ADVANTAGES:

- **10+ currencies** in one template according to customers's choice
- Automatic recognition of 5 pre-selected currencies
- **9 kind of authenticity verification** (including IR, VI, UV, MG detection)
- Note sorting by orientation, face, denomination
- User-friendly machine due to its 4.3" colored LED touch screen and advanced on-screen menu
- CIS Technology ensures comparison of visible and IR images; this type of detection allows detecting the counterfeit notes which look absolutely like the original ones in IR and Visible Light
- Two 'hot modes' are available through the buttons I and II by the sides of the touch screen; for two operators or for two most frequently used modes
- Optional connectivity to an external display/printer/CCTV system
- **Software updates are available via Internet**
- Easy maintenance due to full access to the sensors when a machine's cover is opened
